MUNSIF SOKIYNA, PhD

Assistant Professor, Information Systems and Analytics

University of Central Oklahoma

Email: msokiyna1@uco.edu · munsif.sokiyna@gmail.com | Cell: (205) 535-9945 | LinkedIn | Google Scholar | Website: https://munsifsokiyna.github.io/

RESEARCH INTERESTS

- Open-Source Software (OSS) Sustainability – trust, toxicity, and governance capacity in contributor communities
- Generative AI & Developer Trust – AI-generated code, licensing risk, and human–AI collaboration
- AI Governance
- Online Toxicity in Technical Communities

EDUCATION

Ph.D., Management Information Systems	The University of Alabama	Summer 2026
Ph.D., Management Information Systems / Business Intelligence	Cyprus International University	2021
M.S., Electronic Business	Jadara University, Jordan	2016
B.S., Management Information Systems	Jadara University, Jordan	2013

ACADEMIC POSITIONS

Assistant Professor, Information Systems and Analytics – Aug 2026 to Present
University of Central Oklahoma, Edmond, OK · Business Analytics, Information Systems and Supply Chain Management (BISC) Department

Instructor of Record, Fundamentals of MIS – 2024 to 2026
University of Alabama, Culverhouse College of Business, Tuscaloosa, AL

- Taught undergraduate Fundamentals of MIS (approx. 150 students per section)
- Integrated AI tools (ChatGPT, neural network simulators, embedding projectors) into course design
- Teaching evaluations: Fall 2024: 4.32/5 | Spring 2025: 4.12/5 | Spring 2026: 4.45/5 (accessibility), 4.45/5 (preparedness)
- Recipient of the 2025 Outstanding Doctoral Student Teaching Award in MIS

Teaching Assistant – 2022 to 2024
University of Alabama, Culverhouse College of Business
Business Programming I (Fall 2022), Systems Analysis and Design (Fall 2022), Professional Development (Spring 2023), MIS for MBA (Spring 2023), Fundamentals of MIS (Fall 2023, Spring 2024)

Research Assistant – 2023 to 2026
GRAIDE AI Business Lab, Institute of Data Analytics · multiple information systems research projects

PEER-REVIEWED PUBLICATIONS

Published Refereed Journal Articles

1. Sharma, P. N., Safadi, H., Karahanna, E., Hulland, J., & Sokiyna, M. (2026). *Multi-project involvement and volunteer developers' continued contribution to open-source software projects*. Journal of Strategic Information Systems.

2. Sokiyna, M., Herfurth, A., & Sharma, P. N. (2026). *Threat appraisal and coping strategies: How users navigate toxicity in online technical communities*. Behavior & Information Technology.

3. Sokiyna, M., & Aqel, M. (2020). *The role of e-business applications software in driving operational excellence: Impact of departmental collaboration using sustainable software*. Sustainable Computing: Informatics and Systems, 28, 100445.

4. Sokiyna, M., Aqel, M., & Naqshbandi, O. A. (2020). *Cloud-computing technology algorithm capabilities in managing and processing big data in business organizations: MapReduce, Hadoop, parallel programming*. Journal of Information

Technology Management, 12(3), 100–113.

5. Aljawarneh, N. M., Sokiyna, M., Obeidat, A. M., Alomari, K. A. K., Alradaideh, A. T., & Alomari, Z. S. (2020). *The role of CRM fog computing on innovation and customer service quality: An empirical study*. Sumy State University Working Paper Series.

6. Aqel, M., Naqshbandi, O., Sokiyna, M., & Valentyn, P. (2020). *Messaging-system design based on using servers and encoding system*. International Association of Online Engineering Technical Report.

7. Khalaf, O., Sokiyna, M., Alotaibi, Y., Alsufyani, A., & Alghamdi, S. (2021). *Web-attack detection using the input-validation method: DPDA theory*. Computers, Materials & Continua, 68(3), 3167–3184.

Published Refereed Conference Proceedings

1. Sokiyna, M., & Sharma, P. N. (2026). *Threat Multiplier in Open Source Projects: Longitudinal Evidence on Conditional Resilience and Governance Limits*. Proceedings of the 2026 Americas Conference on Information Systems (AMCIS).

2. Sokiyna, M., Herfurth, A., Das, S., & Sharma, P. N. (2025). *When AI writes the code: Trust and community cohesion in OSS development*. Proceedings of the 2025 International Conference on Information Systems (ICIS).

3. Sokiyna, M., & Sharma, P. N. (2024). *Aggressive, disrespectful, uncivil: An immersive examination of toxic communications as an obstacle for participation in open-source software communities*. Proceedings of the 2024 Americas Conference on Information Systems (AMCIS), Paper No. 9.

4. Sokiyna, M., Herfurth, A., & Sharma, P. N. (2024). *Stack Overflow users' responses to toxicity: An exploratory study*. Proceedings of the 2024 Americas Conference on Information Systems (AMCIS), Paper No. 8.

Under Review & Working Papers

1. Sharma, P. N., Herfurth, A., & Sokiyna, M. (2025). *Mitigating licensing risks in AI-generated code*. MISQ Executive. **Major Revision**.

2. Sokiyna, M., & Sharma, P. N. (2025). *Toxicity in open source: Contextual detection and typology using OSS-specific models and large language models*. Target: IEEE Transactions on Software Engineering. **In Preparation**.

3. Herfurth, A., Sokiyna, M., & Sharma, P. N. (2024). *The impact of generative AI on open-source software developer motivations: An exploratory qualitative study*. Presented at the OpenForum Academy Symposium, Harvard University · Target: Human–Computer Interaction. **In Preparation**.

4. Mim, M., & Sokiyna, M. (2026). *Juggling Multiple AIs: A Framework for Understanding Human-AI Delegation in Multi-Agent Settings*. Target: Journal of the Association for Information Systems (JAIS). **In Preparation (Expected submission: November 2026)**.

5. Sokiyna, M., Herfurth, A., Das, S., & Sharma, P. N. (2026). *When AI writes the code: Trust and community cohesion in OSS development*. Extended journal version of the ICIS 2025 paper · Target: MIS Quarterly. **In Preparation**.

SERVICE

Committee Service

Member, College of Business Research Symposium Committee – University of Central Oklahoma (2026–Present)

Ad-hoc Reviewer

Americas Conference on Information Systems (AMCIS) · International Conference on Information Systems (ICIS) · ACM Transactions on the Web (TWEB) · IEEE Access · Journal of Software (JSW)

PROFESSIONAL EXPERIENCE

Acting Store Manager and 1st Assistant Manager – McDonald's, Jordan (2010–2017)

- Led IT support for POS systems, ERP, and delivery platform (MC Delivery System); evaluated and maintained branch technology systems
- Oversaw operations, team scheduling, and compliance with food safety and service guidelines
- Managed profit/loss statements, inventory, shift operations, and staff training

Co-Founder, Inspire Solution Co. – Frontend Developer & IT Support Specialist (2014–2019)

- Built mobile/web applications and performed website maintenance and upgrades
- Used HTML, CSS, JavaScript, and backend tools to create dynamic client solutions

- Provided technical support to small businesses: hardware/software maintenance, network setup, and remote troubleshooting

SKILLS & OTHERS

- **Languages/Tools:** Python, JavaScript, HTML, CSS, SQL, Git
- **Data Analysis:** R, Stata, SPSS, SmartPLS, AMOS
- **Certifications:** MCSA (Windows Server 2016), CCNA (R&S), Databricks GenAI Certification
- **Platforms:** Windows Server, Trello, Jira, Google Suite

RESEARCH GRANTS AND AWARDS

- **SEiR Summer Grant** (2023): Awarded by the Culverhouse College of Business, University of Alabama. Supported research on open-source software toxicity in GitHub.
- **Outstanding Doctoral Student Teaching Award in MIS** – University of Alabama (2025)

ADDITIONAL INFORMATION

Languages: Arabic (native), English (fluent)

Citizenship: Jordan
